"Edison High School Band Song"

Frederick E. Bigelow

Trio Section

We're just a bunch of band kids, scum of the Earth. ____

8 ____ Filth of cre - a - tion, gone from bad to

15 worse. You dir - ty son of a gun. All ____ the kids in our school,

21 think we are grand. ____ But we're just a bunch of

27 band kids from Mc Cown's band. ____

The words are the tune of a march called Our Director, composed by Frederick E. Bigelow in 1895.

The Rice Owls then adopted the Trio Section for their Alma Mater.

In response, the Aggies in 1968 changed the words and used it for their band song.

Then somehow the song ended up being the Edison Band song with the Aggie words cleaned up!

Need to ask Mr. Mac how it came to be our song.
